ABOUT ME

I'm driven by a passion for engineering and technology. Whether it's developing software or exploring how systems work, I thrive on building things that are practical, efficient, and impactful.

EDUCATION AND TRAINING

1 JAN 2019 – 1 DEC 2021 Bangladesh

Secondary School Certificate (SSC) Brahmondi K.K.M. Govt. High School

Field of study Science | **Final grade** GPA 5.00/5.00 | **Level in EQF** EQF level 3

1 MAR 2022 – 5 SEP 2023 Bangladesh

Higher Secondary School Certificate (HSC) Narsingdi Government College

Field of study Science | **Final grade** GPA 5.00/5.00 | **Level in EQF** EQF level 4

PROJECTS

1 FEB 2024 – CURRENT

Our-Narsindi.org

I developed Our-Narsingdi.org, a nonprofit blood donation platform in my district, Narsingdi. People can sign up as blood donors, and those in need can quickly find donors by blood group and location.

- Connects blood donors with patients.
- People can find blood donors by blood group and city.
- Allows donors to set their availability, blood group, and contact information.
- 300+ registered blood donors and 150+ donations facilitated through this platform.

Link <https://our-narsingdi.org>

1 JAN 2019 – 1 JUN 2024

Electronic Projects

During my middle school period, I learned C programming and micro-controllers(Arduino & ESP32). Besides, I have started a YouTube channel where I have uploaded some of my electronic projects using transistors, diodes, MOSFET, and other core electronic components.

5 FEB 2023 – CURRENT

BravePrinters.com

I founded BravePrinters.com, a platform that provides website development solutions for printing businesses, streamlining their online ordering process.

- Web-to-print store development.
- Online design tool set up for personalized products.
- Allows customers to upload their own designs.
- Automating the ordering process of printing businesses.

WORK EXPERIENCE

Fiverr.com

Website <https://fiverr.com/devsdude>

Programmer & Web developer

1 Dec 2020 – Current

I worked on e-learning and e-commerce projects as a freelance web developer across 30+ countries with over 150 5-star reviews.

- Full-stack web development.

- E-learning and test-taking web application development.
- E-commerce store development.

howtojob.io London, United Kingdom

Website <https://howtojob.io/members>

Part-time Web developer (Remote)

3 Jan 2021 – 5 Jun 2023

HowToJob.io is a UK-based e-learning platform for job applicants. I worked there as a part-time web developer and developed an e-learning system with exam-taking functionalities.

- Developed a custom e-learning system
- Implemented online exam-taking features
- Contributed to a user-friendly learning experience

Bangladesh Red Crescent Society Bangladesh

Website <https://bdrccs.org/>

Volunteer

As a volunteer with the Bangladesh Red Crescent Society, I support medical aid, disaster relief, and community welfare while actively participating in blood donation drives.

- Provided medical and first aid services
- Assisted in flood relief
- Supported the underprivileged
- Organized blood donation campaigns

HONOURS AND AWARDS

2021 Bangladesh Physics Olympiad

3rd Position (Regional)

I secured 3rd place in the regional category of the Bangladesh Physics Olympiad 2021.
